

## § 21.325

part with Federal funds (*see* 32 CFR 32.32).

### **§ 21.325 Do acquisition regulations also apply to DoD grants and agreements?**

Unless the DoDGARs specify that they apply, policies and procedures in the following acquisition regulations that apply to procurement contracts do not apply to grants, cooperative agreements, technology investment agreements, or to other assistance or non-procurement awards:

(a) The Federal Acquisition Regulation (FAR)(48 CFR parts 1–53).

(b) The Defense Federal Acquisition Regulation Supplement (DFARS)(48 CFR parts 201–270).

(c) DoD Component supplements to the FAR and DFARS.

### **§ 21.330 How are the DoDGARs published and maintained?**

(a) The DoD publishes the DoDGARs in chapter I, subchapter C, Title 32 of the Code of Federal Regulations (CFR) and in a separate internal DoD document (DoD 3210.6–R). The DoD document is divided into parts, subparts, and sections, to parallel the CFR publication. Cross-references within the DoDGARs are stated as CFR citations (*e.g.*, a reference to § 21.215 in part 21 would be to 32 CFR 21.215).

(b) The DoD publishes updates to the DoDGARs in the FEDERAL REGISTER. When finalized, the DoD also posts the updates to the internal DoD document on the World Wide Web at <http://www.dtic.mil/whs/directives>.

(c) A standing working group recommends revisions to the DoDGARs to the Director of Defense Research and Engineering (DDR&E). The DDR&E, Director of Defense Procurement, and each Military Department must be represented on the working group. Other DoD Components that make or administer awards may also nominate representatives. The working group meets when necessary.

### **§ 21.335 Who can authorize deviations from the DoDGARs?**

(a) The Head of the DoD Component or his or her designee may authorize individual deviations from the DoDGARs, which are deviations that

## 32 CFR Ch. I (7–1–06 Edition)

affect only one award, if the deviations are not prohibited by statute, executive order or regulation.

(b) The Director of Defense Research and Engineering (DDR&E) or his or her designee must approve in advance any class deviation that affects more than one award. Note that OMB concurrence also is required for class deviations from two parts of the DoDGARs, 32 CFR parts 32 and 33, in accordance with 32 CFR 32.4 and 33.6, respectively.

### **§ 21.340 What are the procedures for requesting and documenting deviations?**

(a) DoD Components must submit copies of justifications and agency approvals for individual deviations and written requests for class deviations to: Deputy Director of Defense Research and Engineering, ATTN: Basic Research, 3080 Defense Pentagon, Washington, DC 20301–3080.

(b) Grants officers and agreements officers must maintain copies of requests and approvals for individual and class deviations in award files.

## **Subpart D—Authorities and Responsibilities for Making and Administering Assistance Awards**

### **§ 21.400 To what instruments does this subpart apply?**

This subpart applies to grants, cooperative agreements, and technology investment agreements, which are legal instruments used to reflect assistance relationships between the United States Government and recipients.

### **§ 21.405 What is the purpose of this subpart?**

This subpart describes the sources and flow of authority to make or administer assistance awards, and assigns the broad responsibilities associated with DoD Components' use of those instruments.

### **§ 21.410 Must a DoD Component have statutory authority to make an assistance award?**

Yes, the use of an assistance instrument to carry out a program requires authorizing legislation. That is unlike the use of a procurement contract, for
